Outline

Outline

Make Titles Informative. Use Uppercase Letters.

Subtitles are optional.

- Use `itemize` a lot.
- Use very short sentences or short phrases.

Make Titles Informative.

You can create overlays...

- using the `pause` command:
  - First item.
  - Second item.
- using overlay specifications:
  - First item.
  - Second item.
- using the general `uncover` command:
  - First item.
  - Second item.

Make Titles Informative.

You can create overlays...

- using the `pause` command:
  - First item.
  - Second item.
- using overlay specifications:
  - First item.
  - Second item.
- using the general `uncover` command:
  - First item.
  - Second item.

Make Titles Informative.

Make Titles Informative.

Summary

1. Resource allocation based DMPC is vulnerable to attacks.
2. Sub-problems structure has time invariant parameters.
3. Attack can be estimated using these parameters.

- Outlook
  - Inequality Constraints yield Hybrid behavior
  - Non-linear attack model
